

Keap Cookie Notice

Effective Date: November 10, 2020

Introduction and Scope

This Cookie Notice (the “Notice”) is designed to assist you in understanding how and why Infusion Software, Inc. d/b/a Keap (“Keap”, “we”, “us”, “our”) uses cookies and other automatic mechanisms (“Cookies”) to collect personal data on our website <https://keap.com> (the “Website”) and within our hosted sales and marketing software applications (the “Apps”). We use Cookies to allow our Website and Apps to operate, to increase functionality and efficiency, to analyze how you use our Website and Apps in order to improve them, and to tailor the content and information that we display to you (including targeted advertisements).

To the extent that information collected by the Cookies constitutes personal data (on its own or if combined with other information), our [Privacy Policy](#) shall apply to the processing of such personal data, as defined in the Privacy Policy.

Cookies and Other Tracking Technologies

A “cookie” is a small text file stored on your device that contains information about your device. Our Website may also employ a software technology called clear GIFs (a.k.a. web beacons). Clear GIFs are tiny graphics with a unique identifier and similar in function to Cookies, and are. We may also use local shared objects (a.k.a. “flash cookies”), pixels, or other similar technologies, as well as smart forms and logging services.

The data collected may include how you navigate around a web page and the most commonly clicked links on a specific web page. Certain technical information, such as your browser version, operating system, IP address, unique identifiers, and electronic network activity information and other information about the online movements of your activities on our Website and other websites are also collected.

Cookies may be used for a number of purposes, including to: access a your account information when logging into our Website, provide customized content, keep track of preferences you specify while you are using the Website, to estimate and report total audience size (unique users) and traffic for our Website. The data collected may also be used to conduct research and help better manage content on our Website by informing us what content is effective, to help us administer our Sites and improve their quality, and to either display advertising on our Sites or to manage our advertising on other websites. You can find additional information about specific Cookies used on our site below.

Browser Configuration & Preferences

You can alter the configuration of your browser to reject certain types of Cookies. Note, if you reject certain Cookies, you may not be able to access and use all of the features on our Website. For more information, please visit <https://www.aboutcookies.org/> and <https://allaboutdnt.com/>. Your internet browser may include the ability to send “Do Not track” signals, but please note that due to a lack of uniformity in that technology, our Website does not have the capability to respond to “Do Not Track” signals.

You may also be able to change your cookie preferences using the functionality built into our Site. You may also control your online behavioral advertising preferences and opt out from having your data processed by certain marketing companies by visiting <http://www.youronlinechoices.com/>, <http://optout.aboutads.info/> and <https://www.networkadvertising.org/choices/>. Please note that managing these preferences will not turn off internet advertisements in general. You will receive the same amount of advertisements, but it will be less reflective of your interests, as based on your web browsing habits. The opt-out preferences that you set may be nullified if you delete your Cookies, and , and even if you opt out, you can still receive communications you have signed up to receive from us unless you directly unsubscribe on our Site.

Types of Cookies

We use both session and persistent Cookies. Session Cookies are deleted when you close your browser. Persistent Cookies may be retained after you close your browser but have an expiration date.

Some of the Cookies placed on your device through our Website are first-party Cookies, because they are placed directly by us. Other parties, such as Google, may also set their own (third-party) Cookies through our Website as described in this Notice. Please refer to the privacy policies of these third parties to learn more about the way in which they collect and process information about you, including without limitation:
